

How To Contact The TeleDentists For Help

TheTeleDentists®

Sponsored by **SalivaMax**

- 1** Use your smart phone, laptop, desktop or tablet to go to the membership specific URL provided to you as a member.
- 2** Click on the link labeled “Speak to a Dentist Now”
- 3** You will be brought to The TeleDentists landing page and asked some questions about your name, address, age and prior medical conditions (such as allergies and/or chronic health issues)
- 4** You will then be asked a few questions so the dentist who will perform the consult knows a bit more about why you are seeking help.
- 5** Once you submit the information you will be placed in the dentist’s video waiting room. He will review your information and then meet you for a video consult to resolve your problem. Expect a short wait, less than 10 minutes. It is just that simple.

Don't Go To An Emergency Room or Urgent Care Clinic for Dental Problems

TheTeleDentists.com

Save Time & Money...Use The TeleDentists

Virtual dentists wherever and whenever a dentist is needed 24/7/365. Our consulting dentists are Board Licensed and carefully screened. They evaluate, diagnose and resolve your dental problem. No need to miss work or school. Help is right at your fingertips.

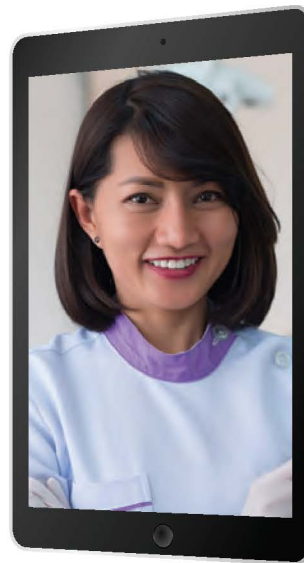

The virtual, video consultation starts with a discussion. You tell us what it feels like, the dentist asks questions, recommends solutions and explains what it is likely to cost. You'll also receive pain relief recommendations.

If medication is warranted (for example an antibiotic) it can be e-scripted to your pharmacy of choice. Or, a non-narcotic pain medicine, that can help you feel better immediately, can also be e-prescribed.

If it's determined that you need a face-to-face follow-on dentist visit, we make that happen, the next business day, at a nearby dental office that fits your needs.

Our Customer Service Rep joins your video consult and finds a conveniently located dentist. Our next-business-day dentist sees you at the appointed time, in his/her office, and resolves your dental need. After the consultation, you'll receive access to a confidential report that can be shared with a healthcare provider or clinic. A quality consult at an affordable price.

The TeleDentists, Solving Urgent Care Dental Problems Now!

The TeleDentists — Also a wonderful source of information for ongoing oral healthcare. Contact us anytime for answers to questions that will help improve oral health for your entire family.
